

JERICSON PAJOTAL

Customer Service Professional Transitioning to Amazon PPC

Hagonoy, Taguig, Philippines | jericson.pajotal21@gmail.com | 0976 005 6549

PROFILE

I have more than 4 years of experience in technical support and customer service. In this work, I solved problems, found root causes, and helped customers in a clear and organized way. I am now moving into Amazon PPC. I taught myself the basics of PPC through self-study and hands-on practice, including scenario-based exercises from the ASVA Elite course and AI-guided training. I am looking for a Junior Amazon PPC role where I can use my problem-solving skills and my growing PPC knowledge to help a business grow.

AMAZON PPC KNOWLEDGE (SELF-TAUGHT)

- Amazon PPC Fundamentals
- Search Term Analysis
- Keyword Research
- Campaign Optimization Basics
- Shopper Intent Analysis

ANALYTICAL SKILLS

- Data Analysis
- Problem Solving
- Root Cause Analysis

TOOLS

- Google Sheets
- Keepa
- ChatGPT (used for PPC concept research, brainstorming keyword ideas, and practice scenarios)
- Claude (used for PPC practice and learning, writing refinement, and identifying flaws in the process)

SELF-DIRECTED AMAZON PPC TRAINING

ASVA Elite Course — Amazon Seller Virtual Assistant Elite Program (Facebook-based training group led by people with PPC and product research background)

- Practiced identifying wasteful and low-performing keywords using sample search term data.
- Learned how to tell the difference between good and bad keyword performance using clicks, spend, orders, and ACOS.
- Practiced shopper intent analysis to check if a keyword matches what a real customer is searching for.
- Learned the basics of Auto and Manual campaigns, keyword match types, and campaign structure.
- Completed scenario-based practice exercises using sample data, focused on making PPC optimization decisions.

Note: All data used in training was sample/practice data, not real client data.

PROFESSIONAL EXPERIENCE

Technical Support Representative

Dexcom Inc. — Healthcare Account, Taguig City | Feb 2023 – Mar 2026

- Helped patients and healthcare users with technical problems on medical devices through phone calls.
- Found the root cause of issues and guided users step by step to fix the problem.
- Explained technical information in a simple and clear way so users could understand and resolve concerns.
- Followed healthcare data privacy and security rules when handling patient information.
- Recorded all issues, investigations, and solutions clearly for accurate case tracking.

- Handled difficult customer concerns by gathering information and finding the right solution.
- Gave feedback on repeated issues to help improve support processes and service quality.

Customer Service Representative (Chat Support)

Sitel Philippines (now Foundever), Pasig City | Nov 2021 – Jan 2023

- Helped customers through live chat with internet service questions and account concerns.
- Helped customers move their internet service to a new address by checking availability and requirements.
- Recommended internet plans and offers based on customer needs and location.
- Managed several live chats at the same time while keeping good service quality and accuracy.
- Recorded customer requests and solutions accurately in internal systems.

EDUCATION

AMA Computer College — Makati

Bachelor of Science in Information Technology (Undergraduate)
